• Bachelors of Arts

WORK EXPERIENCE

Truss Interiors | VP of Project Coordination | Jan 2026 - Present

- Manage end-to-end communication with clients, vendors and the principal; provide proactive weekly updates to keep projects moving smoothly.
- Prepare design boards and assist with sourcing, product verification and maintaining design integrity during installs and photoshoots.
- Organize project documentation across Dropbox, Houzz and billing platforms; coordinate deliveries, procurement details and vendor logistics.
- Create proposals and invoices and support weekly procurement workflows to keep schedules and client expectations aligned.

J+E Design Group | Co-Owner + Interior designer | 2022 - Present

- Spearhead design concepts, space planning and project execution for residential renovations and interior improvements.
- Create client presentations, design boards and selections that align with project objectives and budget constraints.
- Oversee sourcing, procurement, contractor coordination and installation management to guarantee successful project completion.
- Supervise project timelines, budgets and client communications as a co-owner of a design studio.
- Work collaboratively with trades, contractors and vendors to ensure quality, efficiency and design outcomes.

HomeGirl | Interior Designer | 2020 - 2022

- Served as the sole designer for a boutique renovation company, handling concept development through final execution.
- Created layouts, material palettes and detailed design presentations for residential renovation projects.
- Managed sourcing, vendor coordination and project logistics.

Humanscale Corporation | Senior Program Manager | 2002 - 2019

- Held multiple roles over 17+ years working for an industry leading ergonomics and commercial furniture manufacturer; most recently as a Senior Project Manager in the Sales Operations Department.
- Heavy focus on project and program management including preparing process documentation and training presentations.
- Strong background in coordinating between clients, production teams and sales.
- Known for detail-driven execution and high-quality client service.
- Managed speaker series with ergonomics experts, furniture and textile designers and other industry professionals.
- Expertise in furniture construction, ergonomics, finishes and textiles.
